

Open Source Observatory and Repository

Services of OSOR.EU

OBSERVATORY

Get informed about what's happening in the OSS world: OSOR.EU provides news, events, case studies, guidelines.

REPOSITORY

Share and re-use open source eGovernment applications. Use the federated search service of OSOR.EU to search for and download more than 1000 open source applications hosted on European national forges.

COLLABORATIVE DEVELOPMENT PLATFORM

OSOR.EU provides all the tools necessary for your developers to collaborate: project forum, blogs, bug-trackers, version management, documentation management.

COMMUNITY PLATFORM

Share good-practice with your community. Discuss OSS experiences of your administration with others.

Public administrations around Europe face comparable problems often solved with similar IT solutions.

The OSOR.eu platform supports and encourages the re-use and collaborative development of publicly-financed Open Source Software developments.
